About the FCS Foundation

The Florida Cancer Specialists (FCS) Foundation, a 501(c)3 nonprofit organization, provides non-medical financial support to qualifying adult cancer patients in the state of Florida. We believe no one should have to choose between paying for critical living expenses, or paying for medical treatment. The Foundation assists cancer patients and their families with essential expenses such as rent, mortgage, utilities, car payments, etc., so they can focus on recovery, rather than worrying about overdue bills. By giving cancer patients peace of mind in knowing that their bills will be paid while they are undergoing treatment, we allow them to concentrate on what really matters – fighting cancer.

Due to the generosity of the Florida Cancer Specialists & Research Institute (FCS) physicians covering all overhead expenses, **100 percent of donations go directly to helping cancer patients in need.**

The FCS Foundation hosts fundraising events throughout Florida to raise money to support our mission. We rely on the support of our volunteers, donors and sponsors to make our life-changing work possible.

Patient Testimonials

"I am 75 years old and up until last year I was living on my Social Security and income from a part-time job. Then, in September, I was diagnosed with bile duct cancer and had to give up my part-time job. My expenses mounted. I was three months behind in my rent and my landlady was threatening eviction. I can't begin to tell you about the amount of stress I was under, knowing I had to vacate by December 31. That's when I appealed to this wonderful Foundation. I was approved for the grant and the funding went directly to my rent. This money was a godsend!"

FOUNDATION OFFICE SUPPORT

25 Volunteers
(in office & virtual)

- FCS Foundation supports cancer patients in many ways. Through our Patient Support Volunteer Program, volunteers provide comfort to patients undergoing infusion treatments at FCS clinics by bringing a warm blanket, snacks and beverages, or by lending a listening ear.
- The virtual volunteer program initiated due to the pandemic has now become a successful ongoing program. Volunteers assist remotely with responding to patient inquiries and processing applications.

"I was diagnosed with Stage IV metastatic adenocarcinoma of the pancreas with liver involvement. The Florida Cancer Specialists Foundation found it appropriate and necessary to help me, and my family. The Foundation assisted with the bills which in turn, helped to alleviate stress and allow us to focus on the task of treating the cancer. I cannot thank the folks at the Florida Cancer Specialist Foundation enough for giving me a fighting chance. They are indeed angels in my eyes."
